MEMORANDUM FOR THE RECORD

25X1A9a

SUBJECT: Telecon with [REDACTED]

25X1A9a

Attached hereto is IDEA 0411 and IDEA 0497-69 which were prepared by the Operations Division in accordance with an oral request from [REDACTED] on 28 July 1969. IDEA 0411-69 does *not* correctly represent the request and in addition to the information provided also obtained and forwarded to [REDACTED] was the information that the last coastal mission was flown on 28 May 1969 and that the 20 NM limitation was established on 2 May 1968. The attached memoranda were reviewed by Gen. Ross who concurred in providing any of this information to [REDACTED]. It was his request that the information on peripheral missions was added. He was not advised that the two supplemental items were forwarded.
